OSRAM CERAMOS LED

Mansfield, Texas, USA — September 28, 2009 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from OSRAM Opto Semiconductors.

The OSRAM CERAMOS LED is housed in a ceramic package that offers excellent thermal characteristics and a long lifetime. The OSRAM CERAMOS LED's surface-mount ceramic toplooker package is designed for high light output, making the device ideal for use in camera flash and strobe lights and other space-sensitive applications. The OSRAM CERAMOS LED is available in amber, white, ultra white, and yellow lens colors. To learn more, visit <http://www.mouser.com/osramceramos>.

Mouser Electronics is the only major distributor to publish a new 2,184+ page print catalog every 90 days. In addition, its website with interactive online catalog is updated daily, contains more than a million products for easy online purchase, provides over 1.5 million cross-references, as well as more than 900,000 downloadable data sheets, supplier-specific reference designs, application notes, and other technical design information.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 390 manufacturers. Mouser's 2,184+ page catalog is published every 90 days, providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 280,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.
